So^th.-Carolina GAZETTE.

Containing the freſheſt Advices, Foreign and Domeſtick.

From THURSDAY *June* 25th, *to* MONDAY *June* 29th, 1747.

PHILADELPHIA, May 28.

To the Honourable GEORGE THOMAS, *Eſq; Lieutenant-Governor of the Province of* PENNSYLVANIA, *and Counties of* Newcaſtle, Kent *and* Suſſex, *upon* Delaware.

The humble ADDRESS of the MAYOR *and* COMMONALTY *of the City of* PHILADELPHIA, *in Common-Council aſſembled.*

May it pleaſe your Honour,

AS You have publickly declared your Intention to depart the Province, We, the Mayor and Commonalty of the City of *Philadelphia*, beg Leave to ſay: That it is no new Thing to addreſs Governors upon their entering into their Governments, and to enumerate their Virtues, before it has been experienced whether they have any; but when their Authority is like to be at an End, Inſtances of this Kind are very rare, either owing to their male Adminiſtration, or to a Love of Change in the People.

WE, however, after having had the Happineſs to live under your Government for nine Years, have ſo high a Senſe of the Integrity and Uprightneſs of your Adminiſtration, that we think ourſelves, in Gratitude and Duty, obliged in this publick Manner to declare our Sentiments, and, at the ſame Time, to expreſs our great Concern at your reſigning the Government.

WE may, with the greateſt Truth, ſay, You have clean Hands, and have acquired no Money amongſt us unjuſtly.

DURING Your Adminiſtration no Offices have been ſold (tho' moſt of the conſiderable Ones in the Province have been vacant) but ſuch as You judged the moſt capable to diſcharge them, have been by You appointed, without Fee or Reward: Nor has the Courſe of Juſtice been interrupted by *Noli proſequi's*, in order to fill Your own Coffers, though theſe Things have been too often reckoned Perquiſites in many of the Colonies.

Your Prudence and great Abilities have, upon all Occaſions, been conſpicuous; and though Party Differences have run high among the People, You have ſo conducted Yourſelf, That however diſſatisfied they have been with one another, yet they all agree in having an affectionate Regard for You.

WE beg Leave, with Hearts full of Gratitude, to return Your Honour our moſt ſincere Thanks for the Countenance and Protection You have always ſhewn this Corporation, in preſerving to them their juſt Rights and Priviledges granted by Charter. That You may have a proſperous Voyage, and Your Health fully reſtored; That You may long enjoy it, and all Manner of Felicity, are our moſt earneſt Wiſhes.

Signed by Order of the Board,

Philadelphia, *May* 27*th*, 1747. W. ATWOOD, *Mayor.*

To which ADDRESS the Governor made the following Anſwer.

Gentlemen,

I Thank you for this very kind Addreſs. The only Return I can now make for the favourable Opinion you are pleaſed to entertain of my Adminiſtration, is to aſſure you of my warmeſt Wiſhes, that your Infant City may become more and more the Admiration of Strangers, by an Encreaſe of Buildings, Reputation and Trade; and that you may ever enjoy theſe Priviledges, which have been ſo greatly inſtrumental, not only to your own, but to the preſent proſperous Condition of the Province in general.

TILBOURG, April 1, *N.S.*

HIS Royal Highneſs the Duke of Cumberland is arrived here, and Marſhal Bathiani and Prince Waldeck, with the other General Officers, are expected this Evening, in order to aſſiſt at the laſt Council of War, which is to be held here To-morrow; and the next Morning every one is to take the Field: In the mean Time, all the Troops are every where in Motion; and the Allied Army is aſſembling in three different Bodies; that is to ſay, the Imperialiſts on the Side of Maeſtricht and Liege; thoſe of England, Hanover, and Heſſe, on the Side of Bois-le-Duc; and thoſe of the Republick near Breda. The Heſſians joined the Grand Army Yeſterday.

Rome, March 14. O.S. Cardinal Acquaviva died here laſt Monday Night, after a very tedious Indiſpoſition, Cardinal Pietra died the ſame Night, and Cardinal Accoramboni the next Day.

Genoa, March 14. O.S. The Flora, a French Man of War, came into the Port the 8th of this Month, from Toulon, having on board M. de Mauriac, Commander in chief of the French Troops, ſeveral Officers, fifty Grenadiers, and a like Number of Gunners and Bombardiers; They had been chaſed ſeveral Hours the Day before by an Engliſh Man of War of ſixty Guns. The next Day but one three Tartans; on board of which was the Royal Italian Regiment, arriv'd in the Harbour of this City, the Crews report, that after they had ſail'd from Toulon, the Convoy which had ſet out from Marſeilles, to the Number of one hundred Veſſels, had return'd into that Port, to repair the Damage which a Ship that eſcorted them had receiv'd by a Storm of Wind.

On the 10th we receiv'd Advice, that 13 Tartans of the Convoy from Marſeilles were arriv'd at Portoſino, and four others at Seſtri de Levante. The Troops which were on board them, the next Day landed, and on the 12th they arriv'd at St. Pierre d'Arena, to the Number of 2000. The ſame Day there arriv'd an Expreſs from Spezzia, with Advice, that about ſixty Sail, part likewiſe of the convoy from Marſeilles, was enter'd ſafe into the Gulph of that Name, tho' they had been chaſed for two Days by four Engliſh Men of War. The Troops brought in theſe Ships are alſo to land there, and to march to the Neighbourhood of this City, where Quarters are prepar'd for them.

Companies of Voluntiers are ſtill raiſing here. The Burghers, who are all in Arms, are divided into ſeveral Companies or Regiments, having experienced Officers at their Head. There are beſides theſe ſome Thouſands of Men upon the Footing of regular Troops; and 'tis reckon'd that theſe Troops, join'd to the Burghers and the Inhabitants of the Vallies of Polſevera and Biſagno, who are likewiſe in Arms, amount to near 43,000 Men.

The arm'd Galliot which lately ſail'd from this Port, has taken four Ships going from Villa-Franca to Leghorn, laden with Arms, &c. belonging to the Auſtrian Troops. A great Quantity of Snow has lately fallen in the neighbouring Mountains, ſo that nothing remarkable has paſs'd on the Hills of Polſevera, Maſone, and Voltri.

Several of the Companies of the new rais'd Burghers appear'd Yeſterday for the firſt Time in the Place of Arms, being cloath'd in their Uniform, and diſciplin'd as regular Troops. Their Uniform, which coſt near 400 Livres each, conſiſts of a Coat of good Cloth, with a black Velvet Waiſtcoat laced with Gold or Silver, and Silver hilted Swords.

Paris,

CHARLES-TOWN, *June* 29.

Last Wednesday Evening arrived here Capt. *Gaden* from *St. Auguſtine*, by whom we are inform'd, that there are now no leſs than 9 *Spaniſh* Privateers cruizing on this Coaſt; That beſides theſe *Bruneau* is there fitting out his Veſſel again; That a King's Sloop of 10 Car. Guns is alſo there, wanting a Maſt, as ſoon as ſhe has which ſhe carries all the Governor of *St. Auguſtine*'s Papers to *Havanna*, to be ſent thence to *Old-Spain*; and that the following *Engliſh* Prizes are at *St. Auguſtine*.

The Snow *John*, *Thomas Croſthwaite*, from *Philadelphia* to this Port.

The Sloop *William*, *Boaz Bell*, laden with Logwood, from the Bay of *Honduras* for this Port.

The Brigt. *Elizabeth*, *Green*, from *Philadelphia* for *Liſbon*.

The Snow *Neptune*, *Thomas Courtin*, from *Poole* for this Port.

The Schooner *Anne*, *Northcote*, from *Virginia* for the *Weſt-Indies*.

The Sloop *Molly*, Capt. *Wilſon*, from *Cape-Fear* for *Barbados*.

The Sloop *Endeavour*, Capt. *Rogers*, from *Virginia*.
The Sloop *Millice*, Capt. *Pick*, from *New-York*.
A Sloop from *Boſton*, Capt. *Noſon*.
Another from *Maryland*, Capt. *Thomas*.
And Capt. *Green*'s from *Providence*.
} Where theſe 5 were bound is not known.

beſides ſome other Veſſels and ſmall Craft unknown.

As we are moſt frequently viſited by the Privateers at *St. Auguſtine*, the following Deſcription of them will not be improper.

A large Schooner (*Bruneau*'s) of 12 or 14 Car. Guns, with a Billet Head, painted Sides, and Yards rigg'd aloft ſo that ſhe is often miſtaken for a Brigt.

A Schooner (formerly Mr. *Dart*'s of this Town) of 8 Carriage and 16 Swivel Guns, 50 Men (7 whereof are *Engliſhmen* lately entered) Billet Head, bright new-painted Sides, and white Bottom.

And, a Sloop of the ſame Force, her Sides painted red down to the Whales, which are white. The two latter go very well large, but ill upon a Wind.

Yeſterday arrived a Veſſel from *London*, that came out with the *Adventure* Man of War (a 40-Gun Ship commanded by Capt. *Joſeph Homer*) for this Place, which may be expected here as ſoon as ſhe has landed His Excellency *William Popple*, Eſq; at his Government, His Majeſty having been pleaſed to appoint him Governor of the *Bermuda* or *Summer-Iſlands*.

And this Day arrived Capt. *Pichard* from *Providence*, who informs us, that on Saturday Morning (being very ſqually Weather) juſt as he had fallen in with the Land, between *Ediſto* and *Stono*, he ſaw a large Ship with a Brigt. in Company, about 4 Miles Diſtance from him, the latter of which chas'd him into 3 Fathom Water; and that he had great Reaſon to believe they were *Garaycochea* and his Concert.

Capt. *Ferdinando Clark*, from *New-York* for *London*, was met with (all well on board) the 29th of *May*, about 40 Leagues E. of the former Port, by Capt. *Knox* juſt arrived from *Boſton* in 38 Days.

Extract of a Letter from London, *dated April* 25*th*, 1747.

" By a Expreſs from *India*, we hear, that the *French* with Nine " Men of War have made themſelves Maſters of Fort *St. George*: " This is a home Stoke on the *Eaſt-India* Company, and has affec- " ted their Stock no leſs than 25 *per C.* We are told our Squadron " in thoſe Parts met them at Sea, but ſhamefully made off without " exchanging a Shot: Commodore *Barnet* died ſome Time ſince, " had he been living I am perſuaded Fort *St. George* had been ſtill " in our Hands. —— The *French* have attack'd and taken ſome " of the States Towns in *Dutch-Flanders*, which has ſo enraged " the Populace, that (in all the Provinces) they have declared " the *Prince of Orange* STADTHALDER. As we have at this Time " no leſs than 120,000 fine Troops under the Command of the " brave Duke of *Cumberland*, we expect a deciſive Stroke before " the End of next Month.

Mr. *Timothy*,

SEEING a Paragraph in your laſt Gazette of the 25th Inſtant, that, ' *We were in Hopes to have inform'd our Readers, that by* ' *this Time a Veſſel was fitt'd and ſent in Queſt of the Privateers,* ' *but Yeſterday we were inform'd, that after divers Meetings and* ' *Conſultations it was reſolv'd in the Negative.*

We think ourſelves obliged (as having been concern'd in that Tranſaction) as well out of Regard to Truth, as doing Juſtice to Capt. *Innis*, to convey to the Publick (by your Means) the *true State of the Caſe*.

Several Merchants having applied to Capt. *Innis*, by Letter, to find out ſome Way to protect the Coaſt (as his Majeſty's Ship the *Aldborough* lay diſabled wanting a Main-maſt and Rudder) he reſolv'd to hire a *Bermuda* Snow called the *Hoſier* (Capt. *Hall*) and ſend her out without Loſs of Time: The Difficulty of raiſing Men being firſt got over, by a voluntary Subſcription of the Merchants for Men to enter, and Capt. *Innis*'s Aſſurances (given under his Hand) to diſcharge and give them Tickets for their Pay at the Expiration of the Cruize, the Hire and Value of the ſaid Snow were ſubmitted to Four Gentlemen who were impowered and directed by His Excellency the Gov^r.'s Warrant to eſtimate the ſame and diſtinguiſh the Hire by the Month, which was done accordingly; but after Capt. *Innis* had agreed to every Thing, as ſettled by theſe Four Merchants, and perſonal Security offered by his Excellency the Governor to make good the Policy and pay for the Veſſel if loſt or taken, *Two Thouſand Pounds Sterling*; and likewiſe perſonal Security for repairing all Damages done by the Enemy, given by two Gentlemen of whom Capt. *Hall* required the ſame.

The whole Expence of the ſaid Armament which Capt. *Innis* engag'd to pay, amounted to *Three Hundred Pounds Sterling* per Month, beſides the Men's Wages and Victuals, and beſides what was wanting to fit the Veſſel for the Service, which alone would require *One Hundred* or *One Hundred* and *Fifty Pounds Sterling*; and when it was imagined, that all Matters were ſettled, and every Objection which Capt. *Hall* could make was got over, a new one was ſtarted, *He* inſiſted on Two Months Pay, whether the Veſſel earn'd the ſame or no, which was thought unreaſonable by all that heard the ſame, and broke off the Agreement.

However an Endeavour was further uſed to have accommodated this alſo, which was, that one Month's Hire ſhould be paid if ſhe ſhould happen to be loſt the next Day after ſhe was taken into Pay; and in Caſe ſhe continued but ſix Hours more than Thirty Days (and ſhould be then loſt) that the whole Two Months ſhould be made good, but this was alſo rejected by Capt. *Hall*.
